SUPERVISORS HOLD REGULAR MEETING

SUPERVISORS ACCEPT BID OF E. H. ROLLINS AND SONS FOR \$25,301.00

R. C. Merrill Seeks Redress For Damages Done His Property at San Gregorio.

The board of supervisors met in regular session Monday, August 16, there being present Joseph M. Francis, presiding; James T. Casey, Wm. H. Brown, John MacBain and C. V. Thompson.

The minutes of the meetings of August 2d and 9th, were read and approved.

Superintendent of Schools Roy W. Cloud appeared before the board and presented an application from the clerk of the Laguna school district, asking for the reestablishment of that school, it now having the required number of school children in daily attendance. The application was granted on motion of Brown, seconded by MacBain.

Superintendent Cloud stated that the Alpine school, also suspended some time ago, would have the required number of children for its reestablishment, provided it could be placed on the Rolph ranch.

On motion of MacBain, seconded by Brown, the reestablishment of the school was ordered, provided the above arrangements could be carried out.

Superintendent Cloud submitted the list of special tax rates that would be asked for for the different school districts, and which is to be acted upon at the next meeting of the board.

A communication was received from the Ocean Shore Railroad Company, stating that they were successful in securing four out of the ten cars for use in hauling rock to the contractors on the coast side.

Surveyor Newman read a communication from the Southern Pacific Company, in which they agreed, in accordance with his written request, to let the Ocean Shore Company have the necessary number of cars, and asking that the cars be released as quickly as possible, there being a big shortage in that class of equipment.

The following bids were opened for the \$25,000 Hillsborough school bonds: Anglo and London Paris National Bank, \$25,147.50, and accrued interest; Bryne and McDonald, \$25,129.00; E. H. Rollins and Sons, \$25,301.00; Blyth, Witter and Co., \$25,043.00; Gravin & Miller, \$25,213.00; N. W. Halsey & Co., \$25,131.00; William R. Staats & Co., \$25,157.50.

On motion of Brown, seconded by Thompson, the bid of E. H. Rollins and Sons, for \$25,301.00, was accepted, and they being the highest bidder.

Attorney Redington presented a resolution ordering the sale of the above bonds to E. H. Rollins and Sons for the sum of \$25,301.00. The resolution was adopted, on motion of Brown, seconded by Thompson.

In connection with the Hillsborough bonds, Attorney Redington stated that five of the bonds had been withheld from sale and would not be sold unless it was found necessary later on to do so.

The reports of Motorcycle Officers J. B. Logan and M. F. Brown were read and ordered filed.

The following report of the County Assessor from August 2d to August 6th, inclusive, was read and ordered filed:

C. D. HAYWARD, ASSESSOR.
I have collected to and including the 6th of August, 1915, as follows:

Personal property.....\$ 211.30
Retained commissions.....19.65
Paid to Treasurer.....\$ 198.65

A communication from E. D. Conolly, complaining about the unfinished condition of the Portola road from Woodside to Menlo Park, was on motion of MacBain, seconded by Brown, referred to the County Surveyor.

Both communications were ordered filed.

A communication from the Southern Pacific Company in reference to the fill at Holy Cross cemetery was ordered referred to the County Surveyor, to take up with the District Attorney.

A communication from the Tacoma Milling Company, regarding claims for material furnished Mahoney Bros., the contractors, was, on motion of MacBain, seconded by Brown, referred to the County Auditor.

Attorney Archer Kincaid appeared before the board, in behalf of R. C. Merrill of San Gregorio, and in reference to damage done Mr. Merrill during the course of the removal of a wooden bridge across the San Gregorio creek on his property and the building of a concrete bridge close by. Water pipes and a ram had been buried under the old wooden bridge and fences belonging to Mr. Merrill destroyed. The damage done would amount to about \$200, and Attorney Kincaid asked that the county repair the damage.

Mr. Merrill, himself, was present and stated that he was in San Francisco at the time the bridge changes were made and did not know about the construction of the new concrete bridge until it was half finished. He stated he had granted the county permission to run across the old bridge, but not over the new one.

After considerable discussion the matter was referred to Supervisor Thompson and Surveyor Newman to make an investigation of the conditions and report at the next meeting of the board.

BONITA PARLOR, N. D. G. W. INSTALLS NEW OFFICERS

The officers of Bonita Parlor, No. 10, N. D. G. W., were installed by District Deputy Grand President Mary E. Read last Thursday evening, assisted by Dora Wilson as grand president and Sophie Offerman as grand marshal. The following are the newly installed officers for the term:

Annie Aggrotti, president
Mary McAniff, past president
Nellie Stafford, 1st vice president
Nellie Kinne, 2nd vice president
Emma Mengel, 3rd vice president

Mary E. Read, rec. secretary
Emilie Kelting, fin. secretary
Mary Hanley, treasurer
Sophie Offerman, marshal
Dora Wilson, trustee

Lottie Heise, trustee
Mary Townsend, trustee
Dollie Granger, inside sentinel
Lizzie Hadler, organist

One candidate was balloted on. The entertainment committee prepared a short program, after which Sophie Mengel, outside sentinel all were invited to the banquet hall, where refreshments were served. The tables were tastefully decorated in pink and green.

KNOX HOME IS SCENE OF PRETTY BIRTHDAY PARTY

The home of Mr. and Mrs. M. J. Knox on Stambaugh street was the scene of a very pretty party Friday evening, the occasion being the celebration of the eighteenth birthday of their daughter, Miss Thelma Knox.

The evening was very pleasantly spent in games and music. Upon being called to the dining room a pleasant sight met the eyes of the guests. The tables were daintily decorated in red and white and this color scheme was also carried out in the refreshments.

Among those present were: Mr. and Mrs. M. J. Knox, Mrs. Macquartz and son of Haywards, Mr. and Mrs. Earl Crockett of San Mateo, Misses Elsie Muller, Norma Jacobus, Marie Uhlenberg, Clarissa Dodge, Alice Daly, Thelma Knox, Irene West of San Diego; Messrs. Ralph Dodge, Stanton Mullen, Earl Elkerenkotter, Merton Knox, Christian Uhlenberg and Louis Uhlenberg.

Relief Corps to Give Card Party.
General Geo. S. Evans, No. 36, W. R. C., will give a card party on Tuesday evening, August 31st, the proceeds to assist in reimbursing the treasury.

All are cordially invited to attend. The corps has planned a motor trip to Halfmoon Bay on Wednesday, August 25th, for the purpose of presenting a flag to the school at that place.

If you pay as little as \$15 for these new fall suits, nobody will suspect it. Only \$15 at Marcus' Department Store.

Bay Lighting District, was received, asking for the installation of an electric light at the corner of Correas and Purissima streets and at Johnston and Correas streets.

The petition was granted on motion of Casey, seconded by MacBain. District Attorney Swart presented a resolution, ordering the County Treasurer to divide the \$10,325.85 received from the State, through the automobile licenses and auto fines, equally among the five road districts of the county.

The resolution was adopted on motion of MacBain, seconded by Casey. The board adjourned at 11:45 a. m., to meet Tuesday, September 7th.

NATIVE SONS CELEBRATE THIRTIETH ANNIVERSARY

Service of Faithful Guardian of Funds Is Handsomely Recognized

One of the most elaborate and enjoyable banquets that has been held in this city for some time, was the one given Saturday evening at the Hotel Sequoia, under the auspices of the Grizzly Bear Club and in honor of the 30th anniversary of the founding of Redwood Parlor, No. 66, N. S. G. W.

Over seventy-five members of the parlor responded to the invitation of the Grizzly Bears to attend the banquet. The spacious dining room of the Hotel Sequoia was tastefully decorated for the occasion with American flags and the Bear flags of the State of California.

Hawaiian entertainers secured from the Exposition and stationed at one end of the banquet hall, enlivened the occasion by singing and playing at intervals during the dinner. Grand Trustee William S. Cabau of San Francisco was present as the official representative of the Grand President, who was unable to attend.

A. D. Walsh acted as toastmaster and introduced the speakers of the evening, who responded to the following toasts:

Henry Beezer, Bear Club Welcome.
Grand Trustee W. S. Cabau, Early California.
P. P. Chamberlain, Adopted Son.
J. F. Johnston, Charter Members.
J. T. O'Keefe, Native Daughters.
H. W. Schaberg, Finances.
C. D. Hayward, Pioneers.
H. W. Lampkin, Presentation.
A. S. Liguori, Membership.
D. R. Stafford, Our City.
W. J. Plump, Anecdotes.
Hall C. Ross, The Old Guard.
George W. Tinney, Our Order.

One of the pleasant features of the evening was the presentation of a beautiful victrola to H. W. Schaberg, treasurer of the Parlor. Mr. Schaberg has been treasurer for twenty-five years and under his careful management and judicious investment of the funds of the Parlor, it has become the richest per capita in the State.

The members desired to show their appreciation of the faithful services rendered by their treasurer, and as Mr. Schaberg is a lover of music, the idea of the victrola was suggested.

H. W. Lampkin made the presentation speech. He gave a brief recital of how Mr. Schaberg had guarded the funds of the Parlor and very feelingly told of the deep appreciation of the members for the services their treasurer had rendered them during his long incumbency of the office.

The presentation was a complete surprise to Mr. Schaberg and he was so overcome that it was several moments before he was able to respond and thank the members for their token of appreciation.

Joseph S. Simmons was presented by Recording Secretary A. S. Liguori with a past president's gold badge in recognition of his services to the Parlor, while acting as president.

The following committee from the Grizzly Bear Club had charge of the banquet:

Herber W. Lampkin.
Henry A. Beezer.
Alphonus S. Liguori.
Charles N. Beeson.
Joseph J. Simmons.
Omar E. Doyle.

HOUSE BUILDING AND OWNING

Over-emphasis on the life of the town dweller who chooses to reside in rented apartments or tenements is likely to create the impression that construction and use of the older and more traditional type of residential structure, the single house with independent site and setting, is not now going on. This is far from the truth, as any one walking about the environs of large cities, or journeying into the inland regions of the country, will see. Men still wish to own their own homes and to have some soil or acreage in their possession. At the same time that a segregating instinct and need draws them nearer each other for purposes of trade, education or pleasure, an equally strong appeal shapes their conduct as parents and conservers of family interests. Hence distinct and separate abodes are desired for the cultivation of privacy and the affections of the home. Such a plan of living would give to the child something of its own in the way of playground. It would provide the income winner of the family with an object for his thrift and labor, namely, the purchase and maintenance of a house of his own.

As the Christian Science Monitor comments:

"There is much more of this ambition to be a home-owner than many statisticians and social reformers imagine exists. Consider for a moment that there are 6612 building and loan associations with a membership of 3,103,433 persons who pay monthly dues and who together have assets aggregating \$1,357,340,036, which is \$100,000,000 more than they had one year ago. No complications of the world's and a nation's disturbed trading and fiscal policy have checked the steady gain of income for these associations which exist to make loans on easy terms to builders of private homes. The gain has been 8.72 per cent over the previous year, and chiefly in the artisan class with men who will not herd with others and who insist, for themselves and for their children, on being home-owners."

So many rival organizations, young in years, now are busy with the wage-earner in educating and guiding the wage-worker so that he will be better off economically and socially during coming years, that it is well just now to say a good word for a form of co-operative effort, wholly voluntary and asking from the state only the general law that makes building and loan associations legal. In this extension of loans for housebuilding, under the workings of the state laws, the nation really has shown what can be done to capitalize the wealth of the worker and to set it working for him and for society in general, and at the same time build up in the state a conservative, land-owning group in the larger cities."

SQUARE DEAL SENTIMENT

A recent statement of Governor Drumbaugh of Pennsylvania that the American is to be smart in the sense of taking unfair advantage of the "other fellow"—raises the query whether there is not in this country a growing sentiment towards the aim of the "Square Deal." Admittedly, we are far from reaching the goal which Theodore Parker once set, when he said: "Democracy means 'not I am as good as you are,' but 'you are as good as I am,' and possibly it may be some time before we reach that clarity of business understanding."

Yet, that there is a growing sense of the value of straightforwardness, with the attempt at least to see things from the other man's place—no close student of the times will be quick to deny. This is by no means an easy task in a land where people are intent on quick action and immediate results, when the gaze is fixed so intently on what is commonly called success.

Young men in college have learned, in athletics as well as in other training, lessons of fair play, and have felt the student obliquity attached to a mean act. To the modern self-respecting business man, the "square deal" sentiment has meant an increasing ambition to be well thought of by his business associates, to gain and hold professional standing and to maintain one's self-respect in the world of affairs. To the tradesman, it signifies the reputation for just dealing and it also represents the growing belief that to make a customer is better than making of an immediate sale.

The transaction that involves injustice to the worker, whether the worker be a child in the mill, a skilled artisan in the shop, a clerk, or a tiller on a farm, is becoming more and more unpopular and more nearly impossible in the searchlight that plays upon it from the press and from reform movements generally. More and more it is becoming evident that the time when the laborer must fight for the "square deal" which should be his without contest has nearly arrived. Numberless new schemes for practical assistance of the needy, for economy of the worker's time while at work and the more profitable use of his time while at leisure, for arbitration in lieu of destructive attacks in business, and many other advances toward equal opportunity, have proved the coming dominance of the "square deal" sentiment.

NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By Hustling Reporters in the Country Districts

SOUTH SAN FRANCISCO

The contractors have commenced the work of dredging at the harbor point.

Mrs. Robert Hagedorn has been enjoying a week's visit with friends at Antioch.

P. Decker, a former employee at the steel plant, has returned to make his home in this city after an absence of a year.

The ten-inch mill at the steel plant started up last Monday. A double shift is now working in the entire plant.

Mrs. James E. Sullivan was called to Yreka last week, by the death of her mother, Mrs. Roddick.

BELMONT NOTES.

Mrs. A. DeRoach left on Saturday for Santa Cruz to spend a week.

Margaret Fisher is confined to her home with water on the knee.

Ernest Haquet and Mervin O'Neil visited here over the week end.

Miss Helen Havard has returned from Marysville after a pleasant visit of several weeks.

The marriage of Miss Bertha Wood and Ed. Purdy came as a great surprise to their many friends here. It was not discovered until the ceremony had been performed.

They have gone camping—but where?

Miss Elizabeth Pennington is able to be out once more, much to the delight of her many friends.

Mr. and Mrs. Monroe have left us for a time, but expect to return in the near future. Mrs. Monroe is a niece of M. King.

C. Caldwell has leased his property here and will retire from business.

Mr. and Mrs. Caldwell intend making their home in San Mateo in the future.

WOODSIDE NOTES

Frank Haaker and Henry Bottger returned from a motor trip to San Diego on Monday. They spent ten days at the southern exposition and enjoyed every minute of their stay.

The young men speak in glowing terms of the southern portion of the state.

Mr. and Mrs. James Haley spent the forepart of the week with their cousin, William Byrne of this place.

Mr. Haley is a former supervisor and assemblyman of Merced county. He is a wealthy cattleman of Los Banos.

He has not been in Woodside in forty years. Just forty years ago he came to spend his honeymoon on the Byrne ranch. At that time both young people carved their names on a sturdy young oak tree. The tree has grown some what but Mr. Haley climbed to a limb and there discovered his name and that of his bride's as legible as the day they both had carved it in the years of long ago.

Mr. Haley is the owner of a 5000 acre ranch on which graze over a thousand head of cattle.

COAST SIDE NOTES

A new tennis court is being built at Montara.

Henry Walters, son of Rev. Walters of Halfmoon Bay, who is in the government light house service at St. George's reef, Oregon, has been promoted from fourth to third assistant.

Archbishop Hanna will confirm a class at the Catholic church at Halfmoon Bay on Sunday, August 29th.

Mrs. J. M. Francis has returned to her home at Halfmoon Bay, after a pleasant visit to Gilroy.

Mrs. Belle Valentine has leased her ranch near Halfmoon Bay to John Azevedo, Jr.

Mrs. M. N. Simas of Halfmoon Bay has returned from an outing trip to Sebastopol.

Mrs. C. Wilcox was hostess at a tea served Wednesday afternoon at her home for the benefit of the Methodist church at Halfmoon Bay.

Thomas Norton of Moss Beach, is enjoying a two weeks' outing at Bartlett Springs.

DISPOSITION OF BANK ACCOUNT IN QUESTION

The Security Savings Bank of San Francisco has brought an action in the superior court against J. H. Hatch, as administrator of the estate of Ah Lie, deceased, and Lee You Kee to have the court determine to whom a bank account for \$306.73 should be credited. The bank deposit belonged to Ah Lie, a Chinese woman, who died May 24th, 1915. Lee You Kee is the surviving husband and the court is asked to direct the bank whether to turn the deposit over to the administrator or the husband.

Strange Presentment Verified

William Spencer of Burlingame was recently granted letters testamentary upon the estate of William Leyland by Judge Hunt of San Francisco.

A strange fatality appears in the death of Leyland, who was a Lusitania victim. He desired to visit his old home in England but a few days before he left the city he had a premonition that he would drown on the voyage and at once sought the offices of Attorney John D. Willard. He executed his will on April 25th and told the attorney of his peculiar presentment.

Three weeks afterwards the Lusitania was torpedoed and sunk near the coast of Ireland with Leyland on board. His body was never recovered. The deceased left an estate valued at over \$10,000.

Many Are Complaining

Many complaints are heard every day about the poor service the telephone company is giving its patrons between Redwood City and Menlo Park. One telephoning between these points finds it almost impossible to make themselves heard. Yet the company demands the prompt payment of its monthly bills, but appears to give little attention to the numerous complaints filed with it.

REDWOOD BALL PLAYERS WIN FROM SANTA CLARA

Visitors Take Short of End Score in a Decidedly Hot Contest

The local baseball team staged a "comeback" stunt last Sunday and defeated the Santa Clara sodality nine by a 6 to 4 score.

Chase was in rare form, allowing but three hits and his team mates did the rest. Fitzpatrick and Jennings secured three hits out of four times up and Casey's three-bagger also added in the scoring.

Jacobs for Santa Clara was hit hard and often in the first inning and the bombardment resulted in four runs. Again in the eighth the Redwood boys opened fire and hammered in two more runs. Not a base was stolen off the local battery in the entire nine innings.

Tomorrow Redwood and Palo Alto tangle for the second time this season. The previous game resulted in a 2 to 1 victory for the visitors after the hottest game ever seen on the local diamond. Our boys are determined to even things up and a great game is sure to be staged.

Chase and Casey will be the battery for Redwood while Killaloy will be the artilleryman for Palo Alto and Pratt will be behind the plate.

Young Bachelors Ball

Everyone is looking forward to September 11th. On this night the Young Bachelors of Redwood City will hold the first grand ball of the season in the Foresters Hall. Past affairs by this club show that nothing will be left undone to make the coming event a big one. There has not been an all night grand ball here for several months and all dancers will welcome this breaking of a long spell of the non-tripping of the light fantastic. The Young Bachelors cordially extend an invitation to all dancers and spectators to attend and the big event with the assurance that a pleasant evening will be enjoyed.

Will Enter Stanford

Harold and Reginald Parker, sons of Rev. Parker of this city, returned from a voyage on the transport Logan from Manila last week. They both graduated from high school last May and at once found employment on the transport making for trips to the Orient. They will enter Stanford next semester having earned enough money this summer to pay their way there for at least two years.

With such energy and industry as these young men possess there can hardly

Old Resident on Visit

W. C. Crook, the first superintendent of schools of San Mateo county, visited friends here yesterday. In seeking his friends of long ago he failed to find but few knew him in 1886 when he had charge of the schools of this county. Mr. Crook has been a resident of Honolulu for the past thirty-five years. He came to the coast to visit his sons and daughter. At present he is a guest of his daughter at Palo Alto.

Divorce Suit Transferred

The divorce suit of Elizabeth Johnson against her husband, Amos Parker Johnson, that was commenced in the superior court of the county of San Francisco on June 25th, has been transferred to the superior court of this county for trial. The papers in the case arrived here yesterday and were filed by County Clerk Nash. The Johnsons were married in November 1883. They have been living apart for some years. Mr. Johnson is a wealthy resident of Belmont. He has retained J. J. Bullock to defend the suit.

Frazer May Get Probation

H. J. Frazer, who was found guilty of petty larceny by a jury in the superior court Friday of last week, was sentenced by Judge Buck to serve three months in the county jail. Probation Officer Rapp is investigating his record and in all probability he will be permitted to leave prison on probation. He is said to have a good record. Frazer is the man who wishing to see his best girl purloined Jesse Lilienthal's choicest suit and kept an appointment with his sweet heart.

Ratto Estate Probated

Bernardina Ratto has applied in the superior court for letters of administration upon the estate of G. Ratto, who died at Colma on August 6, 1915. The value of the estate does not exceed the sum of \$10,000. It consists of lots in the Abbey Homestead and the School House Land Association. The petitioner is the wife of the deceased.

LOCAL NEWS NOTES OF MENLO PARK

Interesting Paragraphs of General Interest Gathered About the Town

Leo Duff has returned from Lake Tahoe. He has been spending the summer on a yacht on Emerald bay. James L. Flood, who has been confined to his home for the past three weeks, is again able to be around.

Supervisor John MacBain is confined to his home with a slight illness.

Miss Beatrice Nickels gave a dance for the younger smart set of the peninsula last Saturday night at her home in Menlo Park.

Professor Bower, who was recently elected principal of the local grammar school, has leased the W. J. Murray cottage on Oak Grove avenue.

Mrs. George Fife, with a retinue of servants, is occupying her home on MacBain avenue for the remainder of the season.

C. H. Williamson has moved down from the city and is occupying his home in the Coleman tract. He lived there a short time last year.

Miss Dell Connelly of Tuolumne is the guest at a Menlo Park Hotel. The young lady will remain here for a month.

Mrs. P. A. Johnson, a prominent resident of San Jacinto, was a guest of Mrs. John MacBain yesterday. Mrs. Johnson stopped off on her way home from the exposition.

C. W. Marwedel and son have returned from a five weeks' camping and fishing trip in the high Sierras. They report covering 1700 miles in their automobile and having great luck in fishing, having trout in their menu every day.

C. W. Wardwell, who left here to accept the position of station agent at San Miguel, is an inmate of a San Francisco hospital. He was only two days at San Miguel when he met with an accident. He may never return as the southern station is now on the bulletin for bidders.

Mrs. George Harding, who is occupying the home of her niece, Mrs. Talbot Walker, during the absence of Mr. and Mrs. Walker on their trip north, had a number of her friends as her guests at luncheon one day last week at the Walker home in Menlo Park. It was an unusually pretty affair, enhanced by the summery geniality of the day at Menlo Park.

Mrs. Della B. Fitting, widow of Harold H. Fitting, the young civil engineer who was killed in an elevator accident in the California-Pacific building in San Francisco, January 7th, was awarded a verdict of \$15,000 damages yesterday against Mrs. Mary Merrill, of Atherton, owner of the building. Mrs. Fitting sued for \$100,000 damages. The verdict was given by a jury in Judge John A. Hunt's court.

An interesting golf tournament and dinner party has been arranged for today by the members of the Menlo Golf and Country Club. The affair will be a closing feature of the golf season down the peninsula. The golf tournament in the afternoon will be between the Presidio Club and the Menlo teams. The San Franciscans will be the guests of the country club at dinner. The evening will be enlivened with a dance.

The obnoxious toilet at Atherton depot that has caused the people of that aristocratic place so much annoyance lately, was removed this week. It was shipped to San Francisco never to return. Half the residents of Atherton wanted it there while the other half desired it taken away. The matter was finally brought before the Railroad Commission and thrashed out there. The anti-toilet faction must evidently have won. However the residents are on a more at peace and happiness once again reigns supreme.

Monday evening Mr. and Mrs. J. Hara on their return from the home of Mrs. Buena, mother of Mrs. Hara, were run into by a passing automobile and thrown from their rig. Mrs. Hara was severely injured. She became unconscious and it was some time before she regained her composure. The driver of the automobile did not stop to ascertain the extent of the injuries of the persons thrown out, but continued on in a wild ride. Traffic officer Logan immediately telephoned to Santa Clara in the hope of apprehending the guilty party. The officers there arrested the driver of a machine supposed to be the person guilty of the crime. He proved an alibi and was permitted to go.

All Menlo is aglow with enthusiasm over the coming church benefit which is to be given at the beautiful country home of Mrs. Edward Eyre on August 28th. Like the successful church benefit given last year, the salable articles will be artistically arranged in fancy decorated push carts, which will be propelled about the walks and garden lawns by the pretty debutantes of the peninsula. Gaily arranged beauty will be attended by Menlo society maids and matrons. In the evening the center of events will shift from the garden affair on Atherton avenue to a large hall in Menlo town, where the society folk may try a few dance steps. The fair is for the benefit of the Church of Nativity, the Catholic church of Menlo Park.

The members of Menlo Parlor, N. E. G. W., are very proud of the big initiation of Thursday evening. Many of the prominent young men of the village joined the parlor so that the membership reaches the fifty mark. Past Grand President Decker and other grand officers were present.

The initiatory degrees team of Palo Alto Parlor conducted the initiatory ceremonies in a manner that evoked applause. That parlor's drum corps was also present. Captain J. L. Greer of the degree team was on hand with his accustomed enthusiasm. He is among the oldest native sons of the peninsula. After the twenty new members were initiated, speech making was indulged in by prominent members of the society from San Francisco, Palo Alto, Red-

ADDED SCHOOL FACILITIES PROMISED REDWOOD PARKS

School Trustees Are in Sympathy With Extension Movement

Unable at this time, because of the condition of its finances, to provide a new school for Redwood Highlands, or to start temporary classroom, the school board will show its interest in the new residential section of Redwood by installing a transportation service for the youngest school children. This will remove the element of danger to the youngsters entailed by crossing the highway and the railroad tracks. The board feels that this will solve the Highlands school problem for the present or until it has opportunity to present to the people of the school district the matter of a bond issue calling for the expenditure of approximately \$45,000 for new schools, one in the Highlands, one near the points, and one, when needed, in the eastern section of town. This declaration of policy was made at a mass meeting held in the Women's Club house last Friday night under the auspices of the Redwood Highlands Improvement Club. All the members of the school board, County Superintendent Roy W. Cloud, City Superintendent Mantz, Mayor Merrill and 100 residents of the Highlands attended the meeting, which was marked by a display of enthusiasm which means much for the future of Redwood. A feature of the meeting was the interest of the Highlands in the needs of the other sections of Redwood, the proposal to provide schools for all of Redwood, in addition to the Highlands, finding ready support from the people in the Highlands-Wellesley park section.

SIX NEW HOMES FOR REDWOOD HIGHLANDS

Building Activity Continues in This Popular Home Park

Six new homes are to be started in Redwood Highlands this week, making a total of 57 new homes this summer. Work will soon start on the homes for Dr. J. D. Eckes, Chas. H. Cross, Edwin M. Blanchard and J. B. Wandesforde of San Francisco and E. R. Kauffman of Claremont, Oakland. The population has increased so rapidly in this new residence section that the Improvement Club is organizing a movement for a new school.

Two factory sites were sold on the harbor this week. The Peninsula Dock and Warehouse Company are to establish docks for their steamers which ply daily between Redwood City and San Francisco and the Union Oil Company are to establish their plant distributing plant here on the deep water. In a short time while there will be six industries located on Redwood's deep water harbor.

Wood City and San Jose. The affair closed with a banquet served in the banquet hall of the Duff and Doyle building. Menlo Parlor has a new revival in membership which bids fair to make it the largest and most influential parlor on the peninsula.

The chief social event of the season at Menlo Park was the wedding of C. E. Burchfield of Palo Alto and Miss Edna M. Crane of this place in the Church of the Nativity, Wednesday evening. The crowd that packed the edifice attested the popularity of the young couple and expressed the deep interest that the altar was beautifully decorated with pink lilies and white roses while the soft rays of the candlebras shed a glow of light over all causing a pleasing effect. Promptly at 8:30, Miss Moynihan, who presided at the organ, struck up Mendelssohn's wedding march. At the same time the wedding party began the march down the aisle. Miss Marion Daly of Burlingame and Miss Ethel Cowperthwaite of Atherton, the bridesmaids, preceded the bride, with her father at the altar. At the chancel rail the bride was met by the groom and his attendant, Howard Crane; here the party with the groom's other attendant, Carl Shaw of Stanford, entered about the altar where Father Jerome B. Hannigan began the impressive marriage ceremony. He prefaced the solemn nuptials by eloquent words of advice to the young couple impressing upon them the seriousness of the responsibilities they were about to assume and counselling them at all time to be willing to share the joys and sorrows of this life. A part of his remarks were as follows: "But this hour we hope marks the beginning of a career which will make you wiser, better and more useful to your fellow creatures in this life and in the life beyond, and when death at last shall break the link which binds you as death alone can break it, may that joyous day be a foretaste of the joys that are to come." Father Hannigan then proceeded with the solemn ceremony and pronounced the two, husband and wife, "until death do them part." The bride, as she entered her automobile, threw her bouquet and it was caught by Miss Mollie Nash, whom Fate has destined to be the next bride. During a portion of the ceremony a delightful solo was sung by Edward Stanley of Palo Alto, Eugene Bournazeau, the noted singer was one of a trio that rendered choice selections. The musical program was most excellent. The bridal party was driven to J. S. Larkin's cafe at Palo Alto where the wedding supper was served. During the festivities the bride and groom suddenly disappeared and left for the honeymoon to parts unknown. On their return they will make their home in the College Town, where Mr. Burchfield has prepared a cosy residence for this bride. Mrs. Burchfield is the daughter of Mr. and Mrs. E. J. Crane of this place. She is a clever young woman and a musician of more than ordinary ability. She is very popular with a wide circle of acquaintances. Mr. Burchfield is a young businessman of Palo Alto. He is an exemplary man and a worthy of the young woman he has chosen for a life partner. Their numerous friends wish the young couple a long and happy wedded life.

LOCAL BANKERS HAVE CONFIDENCE IN CITY

First National Bank Offers Big Premium for New Issue of Fire Department Bonds

Another evidence of the confidence of the management of the First National Bank in the financial stability of this city, as well as its readiness to lend encouragement and support to local public development, was shown at the meeting of the city council last Monday evening, when that institution made a noticeably better offer for the new bond issue of \$7,500 recently authorized for the purchase of modern apparatus for the use of the fire department. That there is no danger of local municipal bonds becoming a drug on the market was also evidenced by the fact that, although the issue was not a large one, there was no less than four tenders for the purchase of the bonds, each offering a premium. The offer of the First National Bank, however, was so evidently the most advantageous that it was accepted without the slightest discussion. The various premiums offered were as follows: First National Bank of Redwood City, \$275; Blythe, Witter & Co., \$110; Gilvin Miller, \$81; E. H. Rollins & Sons, \$178.50.

The session, which was an unusually long one, was attended by Mayor Merrill and Trustees Deleau, Hahr and Sampson. Much of the time of the lengthy session was consumed in the consideration of the annual budget of expenditures necessary for general purposes for the coming year, which forms the basis for the fixing of the annual tax rate. From the amounts determined upon for the general fund, from which all current expenses are paid, it is evident that, notwithstanding the proposed installation of the new fire department apparatus, the tax rate not only will be increased, but will in fact be slightly lowered. After making the usual allowance for the support of the public library and for several special contingent expenditures which appeared to be unavoidable, it is evident that the tax rate when fixed will not exceed \$1.50 on each \$100 of assessed valuation in what is known as the "old town" and 1.44 in the "annex."

As an evidence of the reduction determined upon, it might be stated that for the last year the tax rate was \$1.525 in the "old town" and \$1.455 in the "annex."

The regular monthly reports of the city officials and employees were presented and read by City Clerk Plump and after consideration were ordered filed for future reference. City Treasurer Towne reported that he still had in his hands a balance of \$1426 to the credit of the general fund and that the amount in the water fund had increased to \$4123.85.

According to the reports of City Clerk Plump and Marshal Coleman, the receipts of the city for the past month amounted to a total of \$2947.94, divided among the various sources of income as follows:

Water rates	\$149.10
Water connections	270.00
Liquor licenses	185.00
Miscellaneous licenses	22.90
Sewer connections	22.90
Dog licenses	4.00
Personal property taxes	588.03
Taxes	244.70
Refund	34.50
Improvement district No. 13	56.71

A communication from George W. Winter, complaining of the damaged condition of Chestnut street, due to the hauling of heavy loads of rock by contractors for street improvements, was referred to Superintendent of Streets Dickey for investigation.

City Electrician M. E. Ryan submitted specifications and estimates of cost for several plans for the ornamental illumination of Broadway and Main street. As the amounts necessary for the installation of even the most economical of these plans considerably exceeded the amount now available, consideration of the report was deferred until some future date.

Acting on a petition signed by all but two of the interested owners of property, permission was granted for the paving of the roadway of Main street from the present bitumen pavement to East Bradford street under the specifications recently approved by the council. Following a report by Trustee Sampson that it had been impossible to secure the voluntary consent of property owners for the improvement of East Bradford street, City Attorney Mansfield was directed to prepare preliminary proceedings to compel the doing of the work under the general street laws. Unless the dissenting owners on Main street join the voluntary movement, they will also be included in the compulsory act.

Upon a report of Superintendent of Streets Dickey that 40 new meters were required for immediate use of the municipal water system, authorization for their purchase was given. Consideration of several important matters of street improvement, including the proposed installation of concrete gutters and storm sewers in Broadway, from Main to Washington, was set for an adjourned meeting of the council to be held on Monday evening, August 30th.

LOCAL BOARD OF TRADE TO WIDEN SCOPE OF ACTIVITY

President Frank Presents Plan For More Effective Work

While the attendance at the regular meeting of the Redwood City Board of Trade last Tuesday evening was not as large as it should have been, those present manifested more than usual enthusiasm for the work of securing for this city the development to which all believe it is entitled and which it is generally admitted might be attained by a properly systematized effort. After several matters of routine business had been disposed of, President Stuart H. Frank submitted to the members present a proposal for the enlargement of the scope of the work of the organization with a view to increased effectiveness.

It was the view of President Frank that the methods used in the past had not been sufficiently comprehensive to make possible the accomplishment of the work which, as the head of the organization he desired and for which he had labored. It was his view that the best method of accomplishing the end proposed lay in a complete reorganization, both with a view to the widening of the scope of work and securing the active support of all elements of the community.

President Frank stressed the serious need of not only an increased membership, but more general interest, but the provision of some means by which adequate funds for the prosecution of the work of development might be permanently assured. In order that the organization might be given an effective standing, it was suggested that a more comprehensive title, such as the Chamber of Commerce, should be adopted.

The views of President Frank were given the hearty endorsement of all those present, the subject being thoroughly discussed by Mayor Merrill, George H. Irving, E. T. McGittigan, D. E. Graham, F. E. Ryan, D. R. Stafford, and A. S. Liguori. An especially strong advocate of the plan of reorganization was Mr. Drake, publicity manager of the George H. Irving Company. Mr. Drake enforced his advocacy by examples of the results accomplished under his direction in the way of publicity work in many other sections of the coast. Following this discussion, President Frank was requested to appoint a committee of five to submit plans for a complete reorganization of the work, these to be submitted at an adjourned meeting to be held next Monday evening. Later President Frank named as this committee: E. T. McGittigan, George H. Irving, P. A. McGittigan, D. E. Graham, F. E. Ryan, D. R. Stafford, and A. S. Liguori.

The members present gave their hearty endorsement to the proposition of the issuance of bonds by the local grammar school district to the amount of \$47,000 for the purchase of additional school sites and the erection of new school buildings.

SERIOUS AUTO CRASH ON THE STATE HIGHWAY

Four Occupants of Machine Receive Serious Injuries

A shocking automobile accident occurred on the state highway at late Thursday afternoon. A party composed of C. Morabito, the driver, V. Sgarlatto, Mrs. Starniolo and B. F. Farrer were coming from San Jose in a Ford machine and were on their way to San Francisco. They were traveling at a high rate of speed and in an attempt to avoid a collision with a delivery motor truck owned by Stafford Brothers, the driver lost control of his automobile. The car skidded into a telegraph pole throwing the occupants heavily to the ground. A crowd gathered in a short time and assistance was rendered the injured. They were hurriedly taken to the Huling Sanitarium where medical aid was summoned. Dr. J. H. Dykes was first on the scene rendering all the aid possible. It was discovered that the driver, C. Morabito was severely injured. He suffered a fracture of the hip and also a fracture of the skull. V. Sgarlatto was badly bruised about the head and also sustained a severe concussion. Mrs. C. Starniolo, who is a sister of the driver, was the most severely injured. She suffered a basal fracture of the skull and may die. Besides the local physicians, two doctors from San Francisco worked over her yesterday morning. Her case is very critical. B. Farrer, the young man of the party was only slightly injured. Yesterday afternoon the injured persons were conveyed in ambulances to their respective homes in San Francisco. The doctors held out some hope for the recovery of C. Morabito and V. Sgarlatto but believe the woman will die.

As a sequel to the first disaster the remains of the car caught fire from a cigar while being towed to a garage and the destruction of the wreck completed.

HENSHALL TO ACCEPT \$5000 ATTORNEY FEE

Attorney R. P. Henshall of San Francisco on Monday morning gave legal notice that he would accept Judge Buck's modification of his judgment against Loren Coburn for attorney fees from \$10,450 to \$5,000.

His acceptance was filed in the county clerk's office by Attorney Bert Schlesinger. Henshall originally sued Coburn for \$15,000 and the jury which tried the case gave him a verdict for \$10,450. Then Coburn made a motion for a new trial. On July 29th Judge Buck made an order stating that the court would deny the motion for a new trial if Henshall would consent to a modification of the judgment to \$5,000.

Will Settle Wage Dispute

Walter L. Brown of Stafford Bros. leaves next Tuesday for Cleveland, Ohio, to attend a conference of the Glass Blowers Association and the Manufacturers to arrange the yearly schedule of wages for the coming year. Mr. Brown during the past year was elected as the national representative of the Glass Blowers Association to appear at this conference and attend to the affairs of the association.

DOINGS ABOUT THE COUNTY OFFICES

Matters of General Interest to Litigants Culled from the Public Records.

The remittitur in the case of Louis S. Beedy against the San Mateo Hotel Company was received at the county clerk's office during the week. The case was brought in the superior court of this county about four years ago by Attorney Louis S. Beedy to recover the sum of \$2,000, the amount paid for stock in the hotel company. He was offered stock to the amount of the money he had invested but would not accept the tender. Similar arrangements were made with other stockholders and the offer of the company was accepted by them. Beedy was successful in the suit, receiving a verdict of \$2,000. Ross and Ross, who appeared as the attorneys for the company in the suit, asked Judge Buck to grant a new trial and the request was granted. Beedy at once began an appeal to the supreme court. The decision rendered by that tribunal confirms the order of Judge Buck in granting the new trial. The case will probably be retried although it is within the range of possibility that it may be compromised, as a compromise proposition was offered to the plaintiff before the case was determined, but he rejected the proposition. Beedy was represented in the suit by the law firm of Beedy, Lanigan and Thomas of San Francisco and the defendant by Ross and Ross of this city.

Appraisers Appointed.

Judge Buck has appointed H. W. Schaberg inheritance tax appraiser of the estate of F. Muer, deceased.

Final Decree Granted.

Judge Buck on Thursday granted a final decree of divorce to Amelia Marsh from her husband, Fred Marsh. The interlocutory decree was granted. Mrs. Marsh on her cross complaint on July 18, 1914. By the terms of that decree Mrs. Marsh was allowed the sum of \$40 a month alimony and support and maintenance of the two minor children, Mabel and Mildred Marsh.

Marriage Licenses Issued.

Emil Klein, aged 36, San Jose and Asa Johnson, aged 36, San Francisco. Julietta Maillard, aged 21 and Margaret Tausla, aged 18, both of San Francisco.

Francis Elmer Pettis, aged 44, Redwood City and Emma E. Moxey, aged 35, San Jose.

Claude Burchfield, aged 21, Palo Alto and Edna Mary Crane, aged 18, Menlo Park.

Joseph Reif, aged 35, and Isabel Empena, aged 19, both of South San Francisco.

Articles of Incorporation Filed.

The Coast Manufacturing and Supply Company has incorporated with a capital stock of \$1,000,000 divided into 10,000 shares at a par value of \$100 each. The purpose of the company is to engage in the manufacture of explosives and the principal place of business of the concern is in the city of Wilmington, Delaware. The actual amount of stock subscribed is \$1,000 by the following stockholders: Henry R. Bingham Jr., Ruben Starniolo, Jr. and W. G. Jones Jr.

Estate Ready for Heirs

The first and final account and final distribution in the estate of Jane Rodgers was filed by Jas. T. O'Keefe, attorney for the administrator and administratrix of the estate. The account shows that the estate received and collected cash amounting to \$1026.86, personal property consisting of notes and mortgages amounting to \$10825, making a total amount of personal property, \$10881.86. Real estate valued at \$22,500, making the total of the estate \$34,381.86. The expenses of the estate amounted to \$2743.51, leaving property on hand to the amount of \$31610.55 to be distributed. The heirs are Benjamin B. Rodgers and Ceres Feliz, children of the deceased.

New Actions in Superior Court.

The Oakland Park Land Company has brought an action in the superior court against the Town of Redwood City and others, asking for an injunction preventing the sale of certain lots in the Oakland Tract, Redwood City, for street assessments. The injunction was granted and the matter will be heard on August 26th. The land was to have been sold on Wednesday, August 13th.

Alma Murray has brought a suit in the superior court against her husband, Frank Murray, for an interlocutory decree of divorce on statutory grounds.

Loren Coburn has brought an action in the superior court against James Sexton and all other persons to determine adverse claims to the Coburn broad acres at Pescadero. The suit is the result of the alleged fraudulent agreement entered into between the aged capitalist and Sexton whereby the latter was given a contract to purchase the Coburn ranch of 10,000 acres at Pescadero for \$100,000.

Peter Jensen has brought foreclosure proceedings in the superior court against Marcellus Krigbaum and others to recover the sum of \$1800. Plaintiff was given a deed to lots 18 to 21, in block 4, Burlingame Park, but he considers it a mortgage and it is to determine this point that the action is brought. Plaintiff also asks for \$10 for money advanced in searching title and the further sum of \$50 for attorney fees. The note which was secured by the deed was executed at San Francisco on May 7, 1915 for \$1800.

New Probate Applications.

Edmund M. Doyle has filed the last will and testament of Daniel H. Doyle, who died at Colfax on August 8th, 1915. Mr. Doyle has also filed a petition for letters testamentary thereon. The estate consists of shares in the Doyle Estate Company, valued at \$8,000 and personal effects consisting of tools and an automobile valued at \$100. The deceased left a wife bearing.

BENEDICTS AND BACHELORS IN SANGUINARY CONTEST

Married and Single Men Preparing To Settle Old Grudges

If the local market supply of arnica and sundry other liniments holds out for just eight days more the married men and the men who ought to be married promise to supply Redwood City with one great and joyous celebration and the world at large with some interesting moving pictures of Redwood people and things.

Picture Guy Hull as noisome actor "Mickey" Collins in a baseball uniform or Fred Chilcott stretching up into the air so far that it will require two looks, one on top of the other, to take in his full length and you may obtain some idea of the many stunts that will be registered by the motion camera. Incidentally every body who attends the big game on August 29th is going to get into those pictures. The Pathe company is going to have its Pacific Coast representative on the job every minute of the big day. Pathe's Weekly is quite worked up over those pictures. Of course the big street parade will open the festivities. Don't miss that parade. You will never know what elegant figures some of our leading citizens possess or how thin Moody really is until you see these same persons in their short pink pants and their pretty, red stockings.

Then there will be the ball game proper and if earnestness of purpose will produce a good ball game, a mighty fine contest is already assured.

Subscribing witnesses were James T. O'Keefe and Mrs. Nellie O'Keefe. The heirs at law are as follows: Edmund M. Doyle, Menlo Park; J. J. Doyle, San Francisco; W. T. Sherman Doyle, Venezuela, brothers; Mary Doyle, a sister; John Doyle Pope, a nephew and Emily Doyle Pope, a niece. The legatees and devisees are: Edmund M. Doyle and his two children, Catherine E. and Margaret A. Doyle. E. F. Fitzpatrick is the attorney for petitioner.

John Billesbach, through his attorney Jas. T. O'Keefe, has applied for letters of administration upon the estate of Mauricia B. Feliz. With the petition is filed a request by the heirs that Billesbach be appointed administrator. The property consists of three lots in University Heights, some cash and household furniture. The value of the estate does not exceed \$2,000. The heirs are John D. Feliz, Jos. B. Feliz, Dora Leahy, Castellina Billesbach, Maurice Feliz, Donald F. Feliz, Lippo A. Feliz and Chano Feliz.

Probate Court Orders.
